

Helpful Tips For Your Personal Injury Case

- 1** Do not sign any paper relating to your claim unless your attorney has reviewed and approved the document. This includes papers sent to you by your own automobile insurance company or health insurance company.
- 2** Do not discuss your injuries with any insurance adjuster. It is fine to discuss payment of your car damage with the adjuster, but do not answer any questions about your injuries on the facts of the accident.
- 3** Be sure to let our office know if you go to a new doctor or other health care provider or if your medical situation changes.
- 4** Please send us a copy of any medical bills you receive, whether paid or not.
- 5** Please obtain a receipt for any prescriptions or co-pays that you pay so that we can submit these to the insurance company for reimbursement.
- 6** Insurance companies require medical verification of income loss. For any time that you miss from work, please obtain a doctor's off-work slip.
- 7** Please let us know right away if you have a new mailing address or telephone number.
- 8** Filing bankruptcy could have a drastic effect on your claim. If you are considering bankruptcy, it is essential to discuss this with your attorney before filing with the court.
- 9** Most importantly, concentrate on getting well. At The Pottenger Law Firm, we will take care of the legal part of your claim so that you can spend your time and energy in recovering from your injuries, not worrying about your claim.
